

Provides outstanding light output 550 lumens

IPF offers the top-quality turn signal light bulbs
Super-high-efficiency new type 9 LEDs built
Distributes crisp light in all directions (Top x 1 LED + Side x 8 LEDs)

LED
WINKER BULB
★★★★★

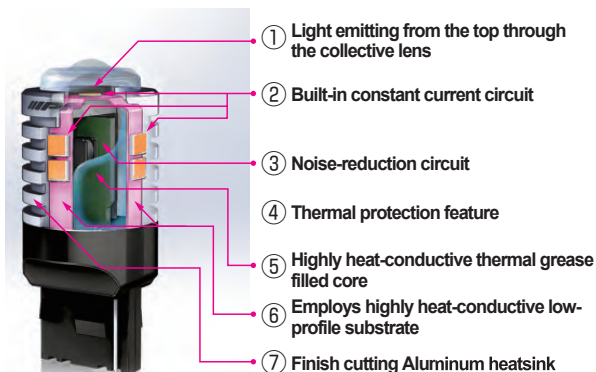

Please use IPF's optionally available hyper-flashing canceller resistor (part number: WA-19)

Part No. **501WB**

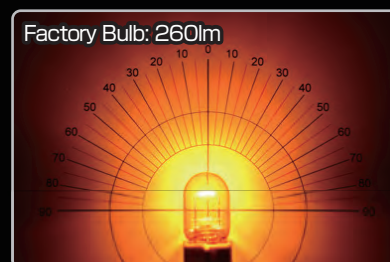

Part No. **502WB**

Distributing high-lumen light in all directions & distance

IPF offers the top-quality turn signal light bulbs

Provides improved visibility in daytime and nightfall driving.
Maintaining performance of LED light operated with constant current.
Incorporates thermal management feature. Using selected high thermal conductive heat release material.

501WB T20

502WB S25

WA-19

Twice as bright as factory bulb

Component Parts
• Canceller Resistor x 2
• Splice Connector x 4

Part No.	Product name	Spec	Color Temperature	Lumens
501WB	550lm Turn signal bulb T20	T20 12V 6.5W WY21W/W21W For amber/clear lens	Amber	550lm
502WB	550lm Turn signal bulb S25	S25 12V 6.5W PY21W For clear lens		
WA-19	Hyper-flashing canceller resistor	12V 14W 10Ω		
Package size : H.115mm×W.65mm×D.24mm
