

SIDE STORAGE PANEL

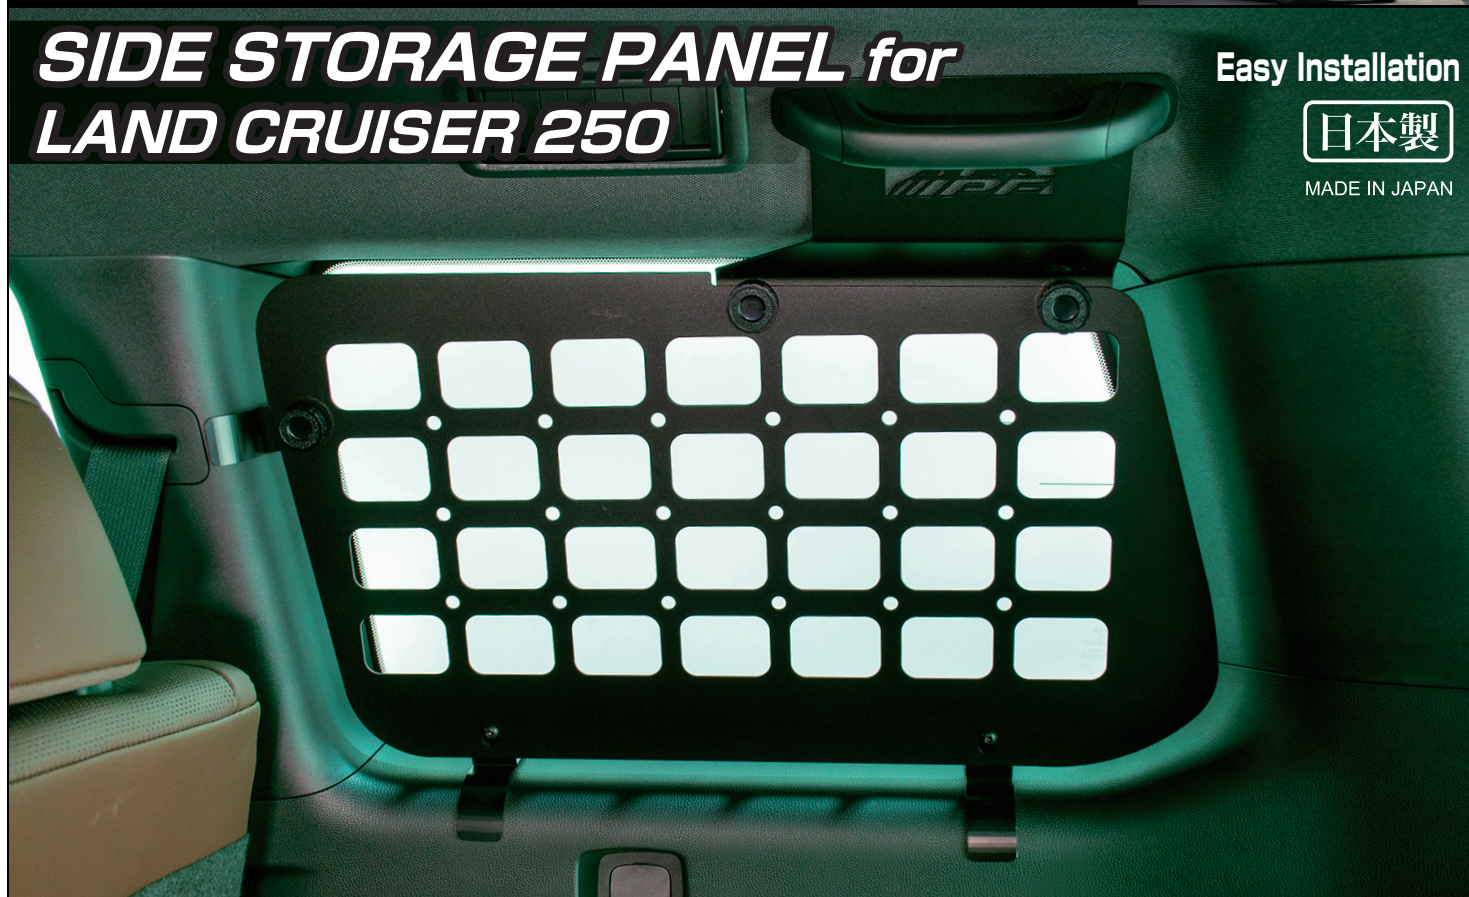

SIDE STORAGE PANEL for LAND CRUISER 250

Easy Installation

日本製

MADE IN JAPAN

Bolt-on installation in vehicle side nut hole

Strong steel construction and High quality powder coat finish

Magnet products can be attached

Small pouch and other accessories can be attached

The lower holder is fastened to the vehicle trim with double-sided tape.

※Use only when the vehicle is stopped, otherwise the magnets may detach while the vehicle is moving.

※Images of use (accessories not included)

Due to the shape covering the whole surface of the quarter glass, Also protects the glass when carrying tall loads.

Easy installation without modifications on vehicle side, with 3-way (5-point) fastening for strong attachment.
